Our certified technicians provide comprehensive bus services including sales, parts, diagnostics, maintenance, and refitting to the latest state safety regulations.

TECH TIP

Winter-Ready Brakes: Stop with Confidence

As temperatures drop, your braking system works harder than ever. Cold weather can stiffen brake components and reduce responsiveness, making proper brake adjustment essential for safe winter driving. Regular inspections help ensure even pad wear, strong stopping power, and reliable performance on icy or wet roads. A quick seasonal tune-up can prevent costly repairs and keep you confident behind the wheel all winter long. Stop by your nearest HOLT Truck Centers location for a full inspection today to ensure your braking power and safety are at their best all winter long.

Battery Service Coupon

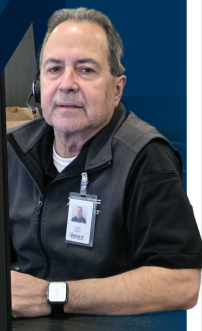

\$74.99 Battery – Remove
and Replace (One)

\$29.99 Battery – Remove and
Replace (Each Additional)

Employee Highlight:

LARRY

Parts Counter Sales Rep

Tenure: 39 years (celebrating 40-year anniversary in July!)

What Customer Service means to Larry: "Customer service to me means getting it right the first time and them coming back to you the next time."

FUN FACTS:

- Learned guitar at 40 years old.
- Played in church praise bands for 15 years.
- Played for crowds of 4,000-5,000 people.
- Played competitive hockey for 45 years.

Keep your fleet moving around the clock.
